WOOD'S CROP SPECIAL

Giving Timely Information and Prices of Seasonable Seeds

PUBLISHED BY T. W. WOOD & SONS SEEDSMEN RICHMOND VA.

Important Information About Prices

Since our Catalog went to press early in December, there has been quite a few price changes, which are noted below:

ONION SETS—Catalog prices withdrawn. See page 3 of this Crop Special, giving today's prices

Other prices in our Catalog remain the same at the present time, but owing to the enormous demand, values on some items are fluctuating rather rapidly. We will ship all orders for seeds as long as stocks are available, invoicing at prevailing price at time of shipment, and bill for balance if prices should be higher. We believe this is the best policy, for if we should hold up your order and advise you of changes, there would be a still further delay, with the possibility of many items wanted being exhausted before we could receive your reply. If this is not satisfactory, please advise us when ordering.

This condition is due to the heavy demand which exhausted our early purchases, causing us to secure additional supplies for our trade at higher values.

We appreciate the patronage that our customers have given us and you can rest assured we will endeavor to keep our prices just as low as possible.

Yours very truly,

T. W. WOOD & SONS.

WOOD'S SEEDS ARE TESTED

And we know that they will grow before they are sent out. Even then they occasionally do not come up, due to causes over which we have no control, such as covering too deeply or not deeply enough; too little or too much moisture, cold weather, insects, or a crust through which the sprouts cannot penetrate, etc.; therefore, T. W. Wood & Sons give no warranty, expressed or implied, as to the productiveness of any seeds or bulbs we sell, and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of the seed.

WOOD'S GRAIN PASTURE MIXTURE

Furnishes more grazing in less time and at less cost than any other spring crop. The grains are balanced with legumes to provide protein for growth and warmth during cold weather. Sow it for grazing before grass and clover pastures are ready, or as a nurse crop when seeding permanent grass and clover pasture mixtures. Contains spring oats, barley, Canada field peas, hairy vetch, rape, rye grass and lespedeza. Sow at the rate of 100 lbs. per acre. Per 100-lb. lots, \$6.50; 25 to 59-lb. lots, 7c. lb.—less quantities, 8c. lb.

ORDER SEED EARLY

Information at hand and known conditions generally, indicate that the movement of all freight by any method, will be much slower than we have been accustomed to. Restrictions on the use of motor and rail equipment will further slow up transportation. We suggest to our customers that they look ahead and order early, so that seeds and other items will be on hand ready for use when wanted.

Dog Foods

HUNT CLUB DOG FOOD was originally developed for the use of breeders and kennel owners who know the importance of proper feeding.

The chief ingredients of **Hunt Club** are beef and liver, making it equal to a two-thirds fresh meat diet. In addition, it contains 17 other ingredients in correct dietetic proportions to provide all the nutritive elements and vitamins necessary to keep a dog in perfect condition.

HUNT CLUB FOOD—In Cubes and Meal—10 lbs. 80c.; 25 lbs. \$1.85; 100 lbs. \$7.00.

PARD DOG FOOD (A Swift & Vo. Product)—Dehydrated. In box, 1/2 lb. 12c.; 3 for 35c.; 1 dozen boxes, \$1.35; 48 boxes, \$5.25.

PRATT'S DOG FOOD—Contains Vitamins Promoting Growth and Resistance to Certain Diseases—In cubes and meal. In Cubes: 10 lbs. 75c.; 25 lbs. \$1.75; 100 lbs. \$6.50. Meal: 10 lbs. 75c.; 25 lbs. \$1.70; 100 lbs. \$6.25.

Write for our descriptive leaflet.

There is no more consistent source of income every morning in the year than poultry, either in cash sales or in cutting down the grocery bill. A little extra attention will considerably increase this income.

Now is the best time to cull your flock, weeding out the non-productive hens. We will be glad to send you a booklet "How to Cull Your Flock," free of charge, on request.

It is also time to place your order for Baby Chicks so you can get them on the shipping date wanted. If you sell eggs, we suggest ordering White Leghorns. If more interested in selling broilers, order Barred Rocks or New Hampshire Reds. For a combination of both or for home use, order New Hampshire Reds.

Chickens need a well balanced diet to make a healthy, vigorous growth. We manufacture daily in our plant in Richmond, a full line of feeds, using the best grains and ingredients by formulas developed by our 61 years' experience. You will be amazed at the increased growth and production by feeding chicks Wood's Hollybrook Strating Mash and Chick Grains until six or eight weeks' old, then feeding Wood's Hollybrook Growing Mash and Developing Food until grown, followed by Wood's Hollybrook Laying Mash and Scratch Food.
